aluminumpowdercoating.com

Pavilion Furniture of Miami, Florida has been crafting contemporary outdoor furniture for over 30 years, building the highest quality pieces for properties all over the state and beyond. Our entire process is completed on location, including marine grade priming and powder coating in our state-of-the-art line. Pavilion is excited to begin offering this process for non-furniture items, with any aluminum products able to be considered for powder coating. Please contact us today to learn more.
